Spring 2010

SPOTLIGHT ON...

Semper Atlanta would like to recognize **Pat R.** for all her hard work. Her dedication has been tireless and she is a great addition to the Semper Team. She is a key player for one of our major accounts in Atlanta. Thanks Pat!

Semper Dallas would like to recognize **David D.** for all his hard work. David is an iGen operator who typically works at least 20 hours of OT a week. His commitment to Semper has helped forge a solid working partnership with a new client. Thank you David!

Semper NY would like to recognize **Michael J.** He is acting as my lead and doing an excellent job! Mike keeps me up to date on the happenings onsite and has fast become a trusted partner in the project. The client could not get by without him. Thanks Mike!

In Boston we'd like to recognize **George**, he is working for one of our busiest clients and doing a terrific job. In fact, George's assignment was supposed to end in December however our client has found his services so valuable that they are continuing to utilize him on a full time basis. George has always been a model employee, always willing to go above and beyond for Semper and our clients. Thank you George!

Semper Baltimore would like to recognize **William B.** for his consistent effort. William has been working with the same client on and off (mostly on!) for almost 2 years. Thank you for all your hard work.

Semper Minneapolis would like to recognize **Mike E.** Mike accepted a job for Semper back in August 2009 when one of our clients was backed up in their finishing area. His skills not only caught them up quickly but they recognized his skill and flexible attitude as a professional. He has stayed on as a strong employee while juggling classes to set himself up for the new economy with new skills and talents. At the same time he continues to show his value to the client on a daily basis. Mike realized that staying active in the industry he has spent a lifetime in as a flex contractor would increase his value as printing changes. But at the same time took the initiative to train for a future with funding available through state programs.

Semper San Francisco recognizes **Derrick L.** Derrick is a very dependable worker. He has dropped everything to go on very short term assignments - even same day assignments to help out. Derrick has a great personality and is there to help out whenever needed. I appreciate him for his dependability and dedication.

Semper Chicago recognizes **Nacho V!**

Nacho has been in high demand for his skills! One client has said he raised the bar for her permanent employees. He's turned a 1 week assignment into 5 months and counting! Thank you Nacho!

Semper Long Beach recognizes **Renaldo Z.**

Renaldo has been representing Semper on various assignments for over two years now. Renaldo brings to the table the perfect mixture of technical know how, customer service, and always the highest level of professionalism. We at Semper appreciate Renaldo's dedication and loyalty, and would like to thank him for the excellent service (with a smile!) he provides to our clients every day.

MARCH IS POISON AWARENESS MONTH

More than 2 million poisonings are reported each year to the 61 Poison Control Centers (PCCs) across the country. More than 90 percent of these poisonings occur in the home. The majority of non-fatal poisonings occur in children younger than six years old. And, poisonings are one of the leading causes of death among adults.

National Poison Prevention Week, the third week in March each year, is a week nationally designated to highlight the dangers of poisonings and how to prevent them. However, every day people can and do prevent poisonings. We invite you to review the information on this site and become actively involved in helping ensure the safety of children and adults in your home and your community.

If you think someone has been poisoned from a medicine or household chemical, call **1-800-222-1222** for your Poison Control Center. This national toll-free number works from anyplace in the United States - 24-hours-a-day, 7-days-a-week. Keep the number on your phone. It will connect you to a poison control center. There are currently 61 Poison Centers across the country that maintain information for the doctor or the public on recommended treatment for the ingestion of household products and medicines. They are familiar with the toxicity (how poisonous it is) of most substances found in the home or know how to find this information.

Semperllc.com

If you haven't seen it lately you haven't seen it!

On Semper's website you can:

- *Check out our list of available jobs. We have jobs you won't find advertised anywhere else.
- *Download a timecard to have signed for payroll Monday at 10 am.
- *Check out our blog! We share industry news and our opinions, you can comment and share yours!
- *Review our benefits package.
- *See What's New at Semper- including press releases and newsletter archives.
- *Get our office contact info.

We're making improvement and upgrades to our website all the time. Stay tuned fo enhancements!

Reminder from Payroll

The Postal service is unreliable! The best way to get your check is with Direct Deposit or the TotalPay card. The TotalPay card works just like and ATM card. Use it to get cash and make purchases. It even comes with checks you can write for cash or pay bills. As an added convenience, you can cash the checks at Wal-Mart. Call your local recruiter today and get started right away!
